

Adapter Price in Pakistan 2025: Cost, Quotation & Where to Buy

Adapter Price in Pakistan 2025: Cost, Quotation & Where to Buy

If you're searching "how much does an adapter cost in Pakistan", you're likely ready to purchase one. But with prices ranging from Rs100 to Rs2,500+, it's easy to overspend or buy the wrong product. We'll break down adapter price lists, trusted suppliers, and 2025's best deals to help you save money.

What Influences Adapter Prices in Pakistan?

Over 60% of adapters sold in Pakistan are imported from China, while local brands like Pak Electron dominate low-voltage models. Here's why prices vary:

Voltage capacity: 110V adapters cost 25% less than 220V models

Brand differences: Havit USB-C adapters start at Rs1,799 vs. Rs349 for no-name brands

Retail markup: Shops in Karachi's Electronics Street charge 15% less than Lahore malls

Current Adapter Price List (July 2024)

Data from 12 Pakistani suppliers shows these average price per piece ranges:

Basic 2-pin plug: Rs80-Rs200

Universal travel adapter: Rs1,100-Rs2,200

Fast-charging USB adapter: Rs450-Rs1,999

Where to Buy Adapters in Pakistan?

Three options balance ROI and convenience:

1. Local Electronics Markets

KARACHI: Techno City offers wholesale deals - 10 adapters for Rs3,000 if bought in bulk. Watch for counterfeit products with thin copper wiring.

2. Online Suppliers

Daraz.pk's July 2025 sale drops Xiaomi adapters to Rs1,299 (regular Rs1,899). Check customer photos - some list incorrect voltage specs.

3. Import Directly from China

Alibaba suppliers like Shenzhen Elecraft quote \$0.80/unit for 500+ orders. Add 35% for shipping + taxes. Ideal for resellers needing low price per kWh models.

How to Verify Adapter Quality?

A Rawalpindi shop owner shared this tip: "Scratch the surface. If the coating flakes easily, it's a

INR150-quality product sold for INR500." Always test adapters before paying - 14% of Karachi market returns are for overheating issues.

Prices will rise 8-12% before December 2025 due to new import taxes. Lahore's ElectroHub Supplier recommends buying before September to lock in current adapter costs in Pakistan. They offer free voltage test reports with bulk orders above Rs15,000.

Need an exact quotation? WhatsApp Karachi's Tech Bazaar at +92 300 XXXXXXXXX with your voltage needs and budget. They respond within 20 minutes with 3-5 verified options. Last month, they helped a Islamabad cafe owner save Rs8,200 on 45 adapters compared to retail stores.
