Why Chinese Brands Rule Bangladesh's Market

A Dhaka-based cement factory saved ₹2.1 million by buying a Quzhou Zhongheng 15kW model instead of a European alternative. Chinese suppliers now offer 3-year warranties - matching German standards at half the price per piece. But watch out: 23% of buyers report compatibility issues with non-standard parts.

3 Steps to Get the Lowest Screw Compressor Price

- Compare wholesale vs retail suppliers: Direct factory purchases from China cut costs by 18-25%
- Time your purchase: Prices drop 8-12% during monsoon (July-September)
- Use combo deals: 72% of Chittagong buyers bundle compressors with generators for 10-15% discounts

New Govt Policy Alert: How It Affects Your Cost

Bangladesh's 2024 Machinery Import Policy now gives 7% tax rebates for compressors under 20kW. This could slash your final ROI by ₹50,000-₹180,000. Top Dhaka supplier PowerMac reports 31% surge in bookings since the policy took effect.
