

Core Drilling Rig Cost in Portugal 2024: Price List, Quotation & Buying Guide

Core Drilling Rig Cost in Portugal 2024: Price List, Quotation & Buying Guide

Need to know how much a core drilling rig costs in Portugal? Prices start at EUR3,500 for basic models and soar to EUR75,000+ for industrial-grade equipment. But here's what contractors and suppliers won't always tell you upfront - hidden costs can add 15-30% to your budget. Let's break it down.

What Drives Core Drilling Rig Prices in Portugal?

Portugal's construction boom (+8.1% YOY growth in 2023) has spiked demand for core drilling rigs. Three factors determine costs:

Diamond bit quality - Hardened steel models (EUR200/piece) vs. industrial diamonds (EUR1,800/piece)

Power type - Electric rigs cost 30% less to operate than diesel versions

Depth capacity - Rigs drilling below 100m cost EUR45-70/hour to rent

The Supplier Trap: Portuguese Market Reality

Local dealers like Lisbon Tools charge EUR6,500+ for basic rigs - yet identical German models from Atlas Copco ship to Portugal for EUR5,200 (including 23% VAT). Always compare regional suppliers.

2024 Price List: Core Drilling Rigs in Portugal

Portable concrete rig (Ø100mm): EUR3,500-7,000

Hydraulic deep drilling model: EUR28,000-53,000

Diesel-powered rig rental: EUR220/day + EUR0.80/kWh fuel

Pro tip: Coimbra-based Geostone Lda saved 19% by buying Chinese SHENZHEN rigs (EUR4,100/unit) instead of Portuguese brands. ROI achieved in 8 months through public infrastructure contracts.

Get Your Custom Quotation in 3 Steps

Portugal's new EUR2.1B "Housing+" initiative requires 3,800+ core drilling projects by 2025. Here's how smart buyers prepare:

Calculate required drilling depth/diameter

Compare supplier warranties (Portuguese law mandates 2-year minimum)

Request bulk purchase discounts - 5+ rig orders often get 12-15% off

Final thought: While local suppliers dominate Google searches, check Alibaba's Portugal-dedicated portal.
