

Core Drilling Rig Rental Cost per Month in Greece 2024: Price List, Quotation & Deals

Core Drilling Rig Rental Cost per Month in Greece 2024: Price List, Quotation & Deals

Need to calculate core drilling rig rental cost per month for construction projects in Greece? With Athens' metro expansion and Crete's hotel construction boom, renting rigs has become 30% cheaper than buying since 2022. Let's break down real prices, hidden fees, and how to lock in the best deals.

Why Construction Companies Rent Instead of Buy

Over 65% of Greek contractors now rent core drilling rigs for short-term projects. A 2023 survey showed:

Average rental period: 2-5 months

Cost savings vs purchase: EUR12,000-EUR18,000 per project

Top users: Solar farm installers (Thessaly) and historical site renovators (Peloponnese)

Monthly Rental Prices in Greece: 2024 Update

For a standard diamond core drilling rig, expect:

Basic models: EUR800-EUR1,200/month

Heavy-duty rigs (300mm+ depth): EUR1,500-EUR2,400/month

Package deals (rig + operator): +EUR200-EUR400 daily

Compare this to German rentals (25% pricier) or Turkish suppliers (lower availability).

Hidden Costs That Break Your Budget

A Thessaloniki contractor paid 40% extra last year for:

Transport fees to remote Mount Athos sites

Diamond drill bits (EUR90-EUR150/piece)

Insurance for EU-required safety certifications

Pro tip: Always request a written quotation showing breakdowns of:

-> Machine rates

-> Consumables

-> Damage waiver terms

How One Athens Firm Saved EUR15,000

Delta Constructions needed a core drilling rig for 4 months to install geothermal systems. By:

Comparing 6 local suppliers

Core Drilling Rig Rental Cost per Month in Greece 2024: Price List, Quotation & Deals

Negotiating free drill bits (100+ units)

Using Greece's new green energy tax rebate

They cut costs from EUR9,200 to EUR6,800/month. Their ROI jumped 22%.

Where to Find Reliable Suppliers Now

Top-rated core drilling rig rental companies in Greece include:

Attika Drilling Solutions (Athens-Piraeus)

Minoan Heavy Tools (Heraklion)

EU-certified vendors from Italy offering cross-border deals

For offshore projects near Corfu, verify if prices include marine transport. One contractor saved EUR1,100/week by shipping equipment from Igoumenitsa port instead of Italy.

Ready to start? Most suppliers offer same-day price quotes online. Input your project details - drilling depth, surface type (marble vs concrete), timeline - and compare 3-5 options. Don't forget to ask about Greece's VAT exemption for renewable energy projects.
