

# Crawler Air Compressor Price in Bangladesh 2024: Cost, Quotation & Where to Buy

## Crawler Air Compressor Price in Bangladesh 2024: Cost, Quotation & Where to Buy

If you're searching for "how much does crawler air compressor cost in Bangladesh," you're likely comparing prices to make a purchase decision. Prices range from \$12,000 to \$45,000+ depending on capacity (50 CFM to 500 CFM) and power source. But here's why you need to look beyond just the price tag...

### Why Price Research Matters for Crawler Air Compressors

Last year, 43% of construction companies in Bangladesh reported cost overruns due to purchasing undersized or unreliable equipment. A 350 CFM crawler air compressor might seem cheaper at \$28,000 upfront. However, maintenance and fuel costs could add \$7,200/year compared to newer electric-diesel hybrid models from China.

### Hidden Costs That Impact Your Budget

Import taxes: 28% on machinery from non-FTA countries

Warranty coverage: 1-year vs 3-year plans (avg. \$1,500 difference)

ROI comparison: Atlas Copco units cost 25% more than Chinese brands but last 40% longer

### 2024 Price List for Top Models in Bangladesh

Based on Dhaka and Chittagong supplier quotations:

Small-scale (50-100 CFM): \$12,000-\$18,000 (Ideal for road repairs)

Mid-range (150-300 CFM): \$22,000-\$35,000 (Most popular for bridge projects)

Industrial (400-500 CFM): \$38,000-\$55,000 (Used in Rooppur Nuclear Plant construction)

### Supplier Comparison: Local vs International

Local dealers like PowerBuild BD offer SULLAIR units at \$34,500 with 6-month warranties. Chinese suppliers via Alibaba quote \$27,800 for equivalent XCMG models - but you'll handle customs. German-made KAESER units cost 30% more but dominate the luxury segment.

### 3 Insider Tips for Better Deals

1. Time purchases around Q3 (September-November) when Chinese exporters clear inventory
2. Negotiate bundled services - 73% of Dhaka suppliers discount maintenance packages
3. Verify CE/ISO certifications: 15% of "new" units in port auctions are refurbished

The Bangladesh government's \$8.2 billion infrastructure push has increased crawler compressor demand by 17% YoY. Leading supplier HeavyMach BD recently sold 22 units to the Padma Bridge Rail Project, with

## Crawler Air Compressor Price in Bangladesh 2024: Cost, Quotation & Where to Buy

prices averaging \$31,200 per 250 CFM unit including VAT.

### Where to Get Custom Quotations

Top-rated vendors like Mitsui & Co. Bangladesh and LonKing Construction Machinery offer free site assessments. Email their sales teams with project details (required CFM, operating hours, terrain type) to get accurate quotes within 48 hours. Always ask for breakdowns of:

- Freight costs from China/Europe
- Local assembly fees
- Spare parts availability in Khulna/ Sylhet

Remember: A \$25,000 compressor with 85% uptime is cheaper than a \$20,000 unit needing weekly repairs. Check user reviews from the Bangladesh Construction Equipment Owners Association before finalizing your crawler air compressor purchase.
