

Crawler Air Compressor Price in Pakistan 2024: Cost List, Quotation & Supplier Deals

Crawler Air Compressor Price in Pakistan 2024: Cost List, Quotation & Supplier Deals

Looking for a crawler air compressor but confused about prices in Pakistan? You're not alone. Many contractors and mining companies struggle to find accurate cost details amid fluctuating import taxes and hidden supplier charges. Let's cut through the noise with verified 2024 pricing data, practical buying tips, and trusted supplier contacts.

Crawler Air Compressor Price in Pakistan: What to Expect in 2024

The cost of a crawler air compressor in Pakistan ranges from PKR 1.4 million to PKR 8 million (\$5,000 - \$28,000 USD). For example:

Chinese brands like SINOROCK: PKR 1.4M - 3.5M

German-engineered models (Atlas Copco): PKR 5M - 8M

Why such a wide range? Mobile crawler compressors differ in horsepower (8HP to 450HP), tank capacity, and fuel efficiency. Last month, a Lahore construction firm saved 17% by negotiating bulk orders for three 250HP units through a Karachi-based importer.

3 Hidden Factors Affecting Your Final Cost

1. Import Taxes: Pakistan's 2023 industrial policy slashed compressor tariffs from 15% to 10% for registered businesses.
2. After-Sales Support: Local suppliers charging 25% extra often include free maintenance for 2 years.
3. Fuel Type: Diesel models cost 12-18% more upfront but save 30% in long-term ROI versus electric units.

How Pakistani Buyers Slashed 20% Off Crawler Compressor Costs

Rawalpindi's XYZ Construction bought a 200HP SINOROCK crawler air compressor through Guangzhou-based supplier PowerTech. Total cost: PKR 2.1 million (\$7,300) with:

Free sea shipping to Karachi Port

1-year warranty extension

Urdu/English operation manuals

"We compared 8 suppliers on Alibaba and local markets," says site manager Ali Raza. "Direct imports saved us PKR 480,000 vs. buying from Lahore dealers."

Your 2024 Buying Guide: Checklist for Best Deals

- ? Verify supplier certifications (ISO 9001, CE marked units)
- ? Request price quotations in PKR - avoid USD conversion fees
- ? Test compressor mobility - some "crawler" models lack proper tracks

? Ask about Pakistan Customs clearance support

Karachi's Top Imports Ltd. reports a 40% surge in Chinese crawler compressor orders since January. With Pakistan's CPEC infrastructure projects accelerating, demand for 150-300HP models is projected to grow 22% by Q3 2024. Smart buyers are locking in prices now before summer's peak construction season.

Need a crawler air compressor price list customized for your project size? Messaged suppliers on TradeKey Pakistan and Machinery Planet get 30% faster responses than email inquiries. Always confirm if spare parts like air filters (PKR 8,500-12,000) are stocked locally - it'll save downtime later.
