

# DTH Drilling Rig Cost in Taiwan 2023: Price List, Quotation & Supplier Deals

## DTH Drilling Rig Cost in Taiwan 2023: Price List, Quotation & Supplier Deals

Need to know how much a DTH drilling rig costs in Taiwan? You're not alone. Contractors and mining companies across Taipei, Kaohsiung, and Taoyuan are searching for affordable rigs with reliable ROI. Let's break down the prices, hidden fees, and smart buying strategies.

### What Drives DTH Drilling Rig Prices in Taiwan?

Taiwan imports 92% of its drilling equipment, mostly from China, Germany, and the U.S. Average costs range from \$50,000 to \$300,000+, depending on:

- Depth capacity (200m vs. 800m models)
- Power source (diesel vs. electric)
- Import taxes (+8-15% for non-Taiwanese suppliers)

### Case Study: Taichung Construction Firm Saves 22%

A Taichung company bought a Chinese-made DTH rig for NT\$4.3 million (\$137,000) with 3-year warranty. Compared to European rigs costing NT\$6.1 million (\$195,000), they cut project timelines by 17% using local supplier support.

### Get the Best DTH Drilling Rig Price in Taiwan

Follow this buying guide to avoid overpaying:

- Compare shipping costs: Chinese suppliers charge \$2,800-\$5,000 for Kaohsiung Port delivery
- Ask for tax-inclusive quotations: 65% of buyers get surprised by Customs fees
- Check certifications: Look for CE, ISO 9001, or TAF (Taiwan Accreditation Foundation) marks

### Market Trend: Taiwan's Geothermal Push

Taiwan plans 1.6GW geothermal capacity by 2035. This boosts demand for DTH rigs capable of 400°C rock drilling. Japanese-Taiwanese JVs now offer hybrid rig leases starting at NT\$310,000/month.

Final tip: Request 2023 price lists from at least 3 suppliers. Guangxi HD Machinery (China) and Taiwan Heavy Machineries both offer same-day quotations online. For rigs under \$90,000, consider used models with
