

DTH Drilling Rig Rental Cost per Month Mexico 2025: Price List, Quotes & Supplier Deals

DTH Drilling Rig Rental Cost per Month Mexico 2025: Price List, Quotes & Supplier Deals

Why Mining Companies in Mexico Are Rushing to Rent DTH Rigs

Need a DTH drilling rig for your Mexico project but worried about upfront costs? You're not alone. Over 60% of mining and construction firms in Sonora and Chihuahua now prefer monthly rental over buying heavy equipment. The reason? Crushing project deadlines meet tight budgets. Let's break down the real rental cost per month in Mexico - and how to get the best rig without breaking the bank.

The Shocking Price Gap: New vs. Rented Rigs

Buying a new DTH drilling rig in Mexico costs \$180,000-\$350,000 USD. But monthly rentals? Just \$4,200-\$8,500 USD. That's like paying for a cup of coffee daily versus buying the whole cafe. Last year, Grupo Minero Cobre saved 32% on their Zacatecas copper project by renting two Atlas Copco rigs for 8 months instead of purchasing.

2025 DTH Rig Rental Costs in Mexico (Updated)

Here's what drives your monthly rental price:

Depth capacity: 100m rigs = \$4,200-\$5,800/month vs. 300m+ rigs = \$7,500-\$8,500

Fuel type: Diesel-powered rigs cost 15% less than electric models

Rock hardness: Granite drilling adds \$600-\$900/month in wear parts

How U.S. & Chinese Suppliers Are Changing the Game

American brands like Schramm dominate Mexico's market with 40% share, but Chinese suppliers like SANY are growing fast. Why? Their rigs offer 80% of the performance at 60% of the rental cost. A Nuevo Leon tunneling company recently saved \$11,000/month using two SANY DTH rigs from a Mexico City dealer.

Get Your Custom Quote in 1 Day (3 Pro Tips)

Want the sharpest deal? Follow this buying guide:

Always ask for ROI analysis - how many meters/day will the rig drill?

Compare total costs: Some suppliers hide transport fees up to \$1,200/month

Check maintenance packs - 70% of Mexican rentals include free drill bit replacements

Mexico's energy reforms have sparked a drilling boom. Over 120 rigs were rented in Q1 2024 for lithium exploration in Sonora alone. Whether you're drilling geothermal wells in Puebla or blast holes for silver mines, the right DTH rig rental partner makes all the difference. Ready to start? Major suppliers like Drillmec Mexico now offer same-day quotes via WhatsApp - no more waiting weeks for heavy equipment.
