

DTH Drilling Rig Spare Parts Supplier in Peru 2025: Price List, Quotation & Bulk Deals

DTH Drilling Rig Spare Parts Supplier in Peru 2025: Price List, Quotation & Bulk Deals

Need DTH drilling rig spare parts supplier in Peru urgently? Equipment downtime costs mines \$4,800/hour on average. This guide reveals where to buy authentic parts at competitive prices with full certifications - without wasting weeks on unreliable vendors.

Why Peru's Miners Struggle With Spare Parts Supply

Peru's mining sector grew 6.2% in 2023 (INEI data), but DTH rig maintenance delays still plague operators.

Common frustrations:

- 30% longer lead times compared to suppliers in China or Germany

- 20% cost spikes from "emergency airfreight" orders

- Compatibility errors in 1 of 5 replacement parts

Case Study: Copper Mine Saves \$2.1M/Year

Arequipa-based mine switched to a Peru DTH parts supplier offering pre-tested hammer bits and shock absorbers. Result? 47% fewer breakdowns and \$35/piece savings on drill pipes. ROI achieved in 5 months.
