

# DTH Drilling Rig for Sale in Brazil: 2025 Price List, Supplier Quotes & ROI Guide

DTH Drilling Rig for Sale in Brazil: 2025 Price List, Supplier Quotes & ROI Guide

Are you struggling to find reliable DTH drilling rig prices in Brazil? With growing mining and construction projects across the country, getting accurate cost estimates has become a headache. This guide cuts through the noise to reveal price lists, supplier deals, and how to maximize your ROI.

Why DTH Rig Prices in Brazil Vary Wildly (Up to 68%)

Brazil imported over 320 DTH drilling rigs in 2024, with prices ranging from \$150,000 to \$400,000. Three factors create this massive gap:

Power options: Diesel rigs cost 25% more than electric models but dominate remote Amazon projects

Depth capacity: 500m rigs start at \$80K, while 1,200m models hit \$220K+

Supplier origins: Chinese rigs like SANY cost 40% less than Sandvik (Sweden) units

Real Case: How Belo Horizonte Mine Cut Costs by 31%

A mining company in Minas Gerais needed 3 rigs for iron ore exploration. Local dealers quoted \$1.2M for European models. By negotiating directly with suppliers in China and leveraging Brazil's tax-free mining equipment program, they secured Kaishan Group rigs at \$826,000 - including shipping and 3-year maintenance.

2025 Price Breakdown: What You'll Actually Pay

Here's what market data shows for DTH drilling rig cost in Brazil this year:

Entry-level rigs (300m depth, used): \$75,000-\$120,000

Mid-range (800m, new Chinese models): \$185,000-\$260,000

Premium rigs (1,200m+, EU/US brands): \$350,000-\$480,000

Pro tip: Ask for price per piece discounts when buying multiple units. One Sao Paulo contractor saved \$47K/rig by ordering 5 SANY machines through a Guangzhou-based exporter.

3 Steps to Get the Best Quotation

Verify supplier certifications (Brazil's ANP requires API-7G compliance)

Compare FOB vs CIF pricing - shipping adds 12-18% to Chinese rigs

Check warranty coverage: Top suppliers offer 2-5 years vs local 1-year deals

Market Trend Alert: Brazil's New Infrastructure Plan

President Lula's \$340B PAC 3 plan (2025-2028) will boost demand for DTH drilling rigs in road and dam
