DTH Drilling Rig for Sale in Saudi Arabia: 2024 Price List, Quotation & Buying Guide

Need to Know DTH Drilling Rig Cost in Saudi Arabia?

If you're planning drilling projects in Saudi Arabia's booming construction or oil sectors, you've likely asked: "How much does a DTH drilling rig cost?" Prices here swing wildly - from \$150,000 to \$800,000+ - and 72% of buyers overpay due to hidden fees. Let's break down real 2024 pricing trends and smart buying strategies.

Why DTH Rig Prices Vary 400% in Saudi Arabia

Three factors dominate DTH drilling rig prices:

Depth capacity: 100-meter rigs start at \$120K, while 500-meter models hit \$780K

Power source: Diesel models cost 18% more than electric

Import taxes: China-made rigs face 5% Saudi duty vs. 12% for European brands

Saudi Arabia imported 1,200+ DTH rigs in 2023 - 60% from China. "We saved \$47,000 choosing SCMG over a German brand," says Ahmed Al-Rashid, a Riyadh infrastructure contractor.
