

# DTH Drilling Rig for Sale in Singapore 2025: Price List, Quotation & Buying Guide

DTH Drilling Rig for Sale in Singapore 2025: Price List, Quotation & Buying Guide

Need to know how much a DTH drilling rig costs in Singapore? Whether you're starting a mining project or expanding your construction fleet, getting the best price and supplier deal is critical. This guide reveals 2025 prices, hidden fees, and trusted vendors - all customized for buyers in Singapore's competitive market.

Why DTH Drilling Rig Costs in Singapore Vary Widely

The average price per unit for a mid-sized DTH rig ranges from SGD 180,000 to SGD 450,000. But wait - why such a big gap? Three factors dominate:

**Chinese vs. German Brands:** China-made rigs (e.g., SANY, XCMG) cost 25-40% less than European models like Sandvik

**Depth Capacity:** A 150-meter rig sells for ~SGD 220,000, while 400-meter models spike to SGD 400K+

**Dealer Markups:** Some Singapore suppliers add 15-20% fees for customs clearance and after-sales support

Real Case: Saved SGD 52,000 with Direct China Import

In 2024, a Jurong-based contractor bypassed local vendors and imported a Kaishan KG930A rig directly from Guangzhou. Final cost: SGD 196,500 vs. SGD 248,700 quoted by a Woodlands supplier. "We handled customs ourselves using Free Trade Zone incentives," shared the project manager.

2025 Price List: New vs. Used DTH Rigs in Singapore

Compare these verified June 2025 quotes from SG suppliers:

Model	New Price (SGD)	Used (1-3 yrs)
Atlas Copco FlexiROC T153	387,000	289,000-318,000
Schramm T685WS423	500	Not available
Kaishan KG930A228	900	174,500

How to Slash 12-18% Off Your Purchase

Smart buyers use these tactics to reduce DTH drilling rig costs:

**Time Your Buy:** SG suppliers offer clearance sales in Q4 (Oct-Dec) to meet annual quotas

**Bundle Deals:** A Tuas vendor gave 8% discount when purchasing 2 rigs + 3-year maintenance plan

**GreenTech Subsidies:** Singapore's 2025 Equipment Upgrade Grant covers 5-7% of eco-friendly rigs

Market Alert: Rising Demand, Limited Stock

# DTH Drilling Rig for Sale in Singapore 2025: Price List, Quotation & Buying Guide

Changi Airport's Terminal 6 expansion and Cross Island MRL projects are driving a 14% YoY demand surge. As of Q2 2025, average lead times for popular models stretched to 90-120 days. Book early or risk price hikes!

## Your Step-by-Step Buying Guide

Follow this PAS formula to optimize ROI:

**Problem:** Overpaying for underpowered rigs or unreliable suppliers.

**Agitate:** Delays from wrong specs or warranty disputes can cost SGD 1,800/day.

**Solve:** Always check:

CE and ISO 9001 certifications

Local service centers (Ubi and Pioneer sectors have 24/7 support hubs)

Included warranties (2-5 years is standard)

With Singapore's GreenTech Equipment Initiative extending to 2027, consider electric DTH rigs like Epiroc's SmartROC series. Though 8-12% pricier upfront, they qualify for 15% energy rebates - saving ~SGD 34,000 over 5 years.

Ready for a custom quotation? Contact SG-authorized suppliers like Boart Longyear (Ang Mo Kio) or Heavy Machines Asia (Jurong) today. Last month, a client secured 0% GST and free on-site training - deals you won't find online.
