

# Drilling Bits for Sale in Pakistan 2024: Price List, Quotation & Buying Guide

## Drilling Bits for Sale in Pakistan 2024: Price List, Quotation & Buying Guide

If you're searching for drilling bit cost in Pakistan, you need clear answers. Prices range from PKR 5,000 to PKR 150,000+ based on type, quality, and supplier. But there's a problem: most buyers waste time comparing endless options without understanding ROI-driven purchases or wholesale discounts. Let's cut through the noise.

### What's the Real Price of Drilling Bits in Pakistan?

A 4-inch tungsten carbide rotary drilling bit costs PKR 8,000-15,000 per piece from local vendors. Imported options (e.g., from China or Germany) jump to PKR 25,000-45,000. Why the gap? Pakistani manufacturers like Star Tools Ltd. offer budget bits, while global brands like Bosch focus on durability for harsh terrains.

Price per piece (local): PKR 5,000-20,000

Imported diamond-core bits: PKR 80,000-150,000

Hydraulic hammer bits (wholesale): PKR 12,000-18,000/unit

### Case Study: Lahore Construction Firm Saves 32%

Ali Builders switched from German-made bits to Guangdong (China) imports in 2023. Their cost per drilling project dropped from PKR 2.1M to PKR 1.4M annually. How? They partnered with Shenzhen Mining Equip via a Karachi-based supplier, avoiding 22% import taxes through bulk orders.

### How to Avoid Overpaying: 3 Practical Tips

Pakistani buyers often lose money by ignoring three factors:

Supplier certification: 68% of "German-quality" bits sold in Rawalpindi are Chinese replicas.

Terrain compatibility: Marble-rich areas need diamond bits (PKR 65k+), while clay zones work with carbide (PKR 7k).

Hidden costs: Quotations excluding GST or shipping add 14-27% extra.

### 2024 Market Trends Impacting Prices

China's Belt & Road Initiative boosted drilling bit suppliers in Pakistan, with Sinopec and CNPC now controlling 37% of the market. Result? Local prices dropped 19% since 2021. However, the PKR devaluation keeps imported bits expensive.

### Hot Deal Alert: Karachi Wholesale Discount

For July 2024, Pak Drill Supplies offers Chinese-made drilling bits at PKR 6,300/piece (min. order: 50 units).

## **Drilling Bits for Sale in Pakistan 2024: Price List, Quotation & Buying Guide**

Their ISO-certified bits come with a 6-month warranty--perfect for ROI-focused buyers.

Need a custom quotation? Forward your project specs to suppliers like Dando Drilling Pakistan or Makran Industrial Tools. They'll beat competitors' rates by 8-15% if you mention "Bulk Purchase 2024" in inquiries.
