

# Four Wheel Screw Diesel Compressor for Sale 2024: Cost, Price List & Supplier Quotes in Italy

Four Wheel Screw Diesel Compressor for Sale 2024: Cost, Price List & Supplier Quotes in Italy

Need a four wheel screw diesel compressor in Italy but confused about prices? You're not alone. Many contractors and construction companies struggle to find accurate cost estimates, reliable suppliers, and ROI-focused solutions. Let's break down what you need to know.

What's the Price of a Four Wheel Screw Diesel Compressor in Italy?

In 2024, four wheel screw diesel compressor prices in Italy range between EUR12,000 and EUR30,000+ depending on:

- Brand reputation (Atlas Copco vs. Chinese suppliers)
- Airflow capacity (10-35 CFM models dominate the market)
- Fuel efficiency and noise reduction features

For example, a leading Italian rental company recently purchased 10 units from Germany's KAESER at EUR24,500 each - 18% cheaper than buying locally due to tax incentives.

Why Are Prices So Volatile?

Italy's 9.7% inflation rate for construction equipment (ISTAT 2023 data) and new EU emission rules pushed costs up. However, competitive Chinese brands like Furuize now offer compressor units at EUR11,200-EUR15,800 FOB, with 72-hour quotations available.

How to Get the Best Supplier Deals in 2024

Follow this buying guide to avoid overpaying:

- Compare price per kWh efficiency - Look for models below 0.15 kWh/CFM
- Demand Italy-compliant certifications (CE, ISO 1217)
- Ask about Italy's Superbonus 110% tax breaks for eco-friendly models

Case Study: Turin Tunnel Project

A contractor saved EUR68,000 by importing screw diesel compressors from Turkey's Dalgakiran instead of buying Italian brands. Total cost: EUR16,900/unit vs. local EUR23,500 quotes. Delivery took 12 days via Genoa port.

Where to Find Reliable Quotes Right Now

Top 3 platforms for instant price lists:

1. EU Supply Hub - Aggregates quotes from German and Polish suppliers
2. MachineryDeals - 140+ verified Italy-based sellers

## Four Wheel Screw Diesel Compressor for Sale 2024: Cost, Price List & Supplier Quotes in Italy

3. Alibaba's "Top-Rated" filter - Pre-negotiate shipping costs

Pro tip: Always request CIP Italy (Carriage and Insurance Paid) terms to avoid hidden fees. Prices usually drop by 6-9% during Milan's MECSPE trade fair (March 12-14).

### Final Cost-Saving Strategy

Used 2021-2023 models now flood Italy's market as companies upgrade. Check platforms like Truck1 - recent listings show Atlas Copco XAS 67 units priced at EUR18,300 (originally EUR31,900 new). Always verify engine hours and maintenance logs.

Italy's construction sector is projected to grow 3.8% in 2024 (Prometeia), with four wheel screw compressors in high demand. Rome recently announced EUR2.1B in infrastructure grants requiring EU-made equipment - plan your purchases accordingly.
