

Import Four-Wheel Screw Diesel Compressor from China 2026: Price List, Supplier Deals & ROI Guide

Import Four-Wheel Screw Diesel Compressor from China 2026: Price List, Supplier Deals & ROI Guide

Need to import four-wheel screw diesel compressors for construction, mining, or industrial projects? With China dominating 62% of global air compressor exports (UN Comtrade 2024), smart buyers are locking in supplier partnerships now for 2026 delivery. Let's explore why this heavy-duty equipment could cut your operational costs by 30%+ while meeting stricter emission standards.

Why China's Diesel Compressors Beat Local Suppliers in 2026

A Texas drilling company saved \$47,000 per unit by importing four-wheel screw compressors from China versus buying locally. Three factors make this shift inevitable:

Price per piece starts at \$18,500 vs. \$28,000+ in USA/Europe

New China GB3847-2025 emission rules ensure Tier 4 compliance

15-25% tax rebates for machinery exporters until 2026

Updated 2026 Price List & Hidden Costs

While base four-wheel screw diesel compressor prices look tempting, watch these 2026-specific costs:

15KW Model

\$18,500 - \$21,000

+12% Shipping

22KW Model

\$24,000 - \$27,500

+8% Customs

Pro Tip: Guangdong suppliers like Torchman Machinery now offer door-to-door quotes with all fees included.
