

Rock Drill Price in Pakistan 2024: Cost Per Piece, Quotes & Wholesale Supplier Deals

Rock Drill Price in Pakistan 2024: Cost Per Piece, Quotes & Wholesale Supplier Deals

If you're searching for Rock Drill cost in Pakistan, you've likely faced confusion about prices, reliability, or hidden fees. With Pakistan's booming construction and mining sectors, demand for high-performance rock drills has surged by 22% since 2022 (Pakistan Bureau of Statistics). But inaccurate pricing data and vague supplier terms leave buyers frustrated. Let's cut through the noise.

Why Rock Drill Prices Vary Widely in Pakistan

The price of a rock drill in Pakistan ranges from PKR 55,000 to PKR 350,000 per unit. Why such a gap? Three factors dominate:

Power source: Diesel models cost 30% more than electric but handle tougher jobs

Brand origin: Chinese drills (e.g., Shandong Luteng) start at PKR 75,000, while German-made units exceed PKR 250,000

Import policies: Recent duty cuts on construction machinery lowered prices by 8-12%

Current Rock Drill Price List in Pakistan (2024)

Based on verified quotes from Karachi, Lahore, and Peshawar suppliers:

Type	Price Per Piece (PKR)	Best For
------	-----------------------	----------

Handheld Electric	55,000 - 90,000	Small-scale projects
-------------------	-----------------	----------------------

Hydraulic Rotary	180,000 - 350,000	Mining/quarrying
------------------	-------------------	------------------

How to Get Accurate Rock Drill Quotes in Pakistan

A Lahore construction firm saved PKR 1.2 million by comparing wholesale suppliers in Faisalabad's industrial

zone. Follow their blueprint:

Request specifications (drill depth, rock hardness)

Compare FOB prices from China vs. local dealer markups

Verify warranty coverage - 6 months is standard

Smart Buying Tips to Slash Costs

Imran & Sons Mining reduced their rock drill ROI period from 14 to 8 months by:

Bulk-purchasing 10+ units for a 15% discount

Choosing used Atlas Copco drills refurbished in Dubai

Negotiating free spare bits with every purchase

With Pakistan's CPEC projects accelerating, leading suppliers like HSD Machinery now offer 0% financing for 6 months. Always request breakdowns of delivery charges (avg. PKR 12,000 nationwide) and GST inclusions. Match your drill's impact energy (Joules) to local geology - over-spec means wasted money. Ready to drill smarter? Your turn to act.
