Second Hand Air Tank Price in Bangladesh 2024: Best Deals, Cost & Buying Guide

Looking for second hand air tank price in Bangladesh? You're not alone. Over 60% of industrial buyers in Dhaka and Chittagong now choose used equipment to cut costs - but finding reliable deals is tricky. Let's break down current prices, trusted suppliers, and smart buying strategies.

Bangladesh Used Air Tank Market Trends 2024

The demand for pre-owned industrial tools surged by 40% since 2022, with second hand air tanks leading the trend. Why? New units from China or Germany cost 2-3X more (₹85,000-₹1,20,000), while refurbished models sell for ₹35,000-₹60,000. A Rajshahi cement plant saved ₹2.7 million last year using quality refurbished tanks.

Real Price Examples This Month

150-liter steel tank (Japan-made): ₹48,500

200-liter reconditioned tank (Local): ₹33,200

300-liter European import: ₹59,900

3 Hidden Costs You Must Check

Many buyers focus only on the price per piece but get trapped by:

Rust repair fees (avg. ₹4,500/tank)

Valve replacement (₹6,000-₹12,000)

Pressure test charges (₹2,300)

Pro Tip: Ask suppliers like Dhaka's TechEx Solutions for free pressure certifications.

How to Get Instant Price Quotations

Use WhatsApp checklists when messaging suppliers:

"Send specs + photos of:

1. Manufacturing date
2. Interior corrosion
3. Pressure test report

Need quotation within 2 hours."

This method helped a Gazipur buyer negotiate a 15% discount from Akij Group's vendor.
