

# Second Hand Air Tank Price in China 2024: Updated Quotations, Wholesale Deals & Buyer's Guide

Second Hand Air Tank Price in China 2024: Updated Quotations, Wholesale Deals & Buyer's Guide

## Why Everyone's Buying Second Hand Air Tanks from China Now

Looking for second hand air tank price in China? You're not alone. Over 35% of industrial buyers in Europe and Southeast Asia switched to Chinese pre-owned equipment last year. Why? New tanks cost \$800-\$2,500+, but used ones in China start at just \$180-\$450 per piece. That's up to 70% savings for factories and contractors.

## The Problem: Rising Costs & Supplier Confusion

Air compressors and tanks now eat 12-18% of project budgets globally. New buyers often waste months comparing prices from Alibaba, Made-in-China, and local dealers. Worse, some receive low-quality tanks with hidden rust or pressure issues.

## Current Market Data (2024)

China's second-hand industrial equipment market grew 22% YoY (2023 China Machinery Report)

Average ROI for used 50L-200L air tanks: 8-14 months

Top buyer regions: Germany, Vietnam, Australia

## 2024 Price List: What to Pay for Used Air Tanks

Here's the latest second hand air tank price in China based on capacity and condition:

Small Units (10L-30L): \$180-\$300 (Ideal for workshops)

Mid-Size (50L-100L): \$320-\$600 (Construction sites)

Industrial (150L-300L): \$750-\$1,800 (Mining/Manufacturing)

\*Prices include 1-year warranty from certified suppliers.

## Real Case: How a German Buyer Saved \$12K

Auto parts maker Muller GmbH needed 8x100L tanks but faced a \$28K quote for new units. Through a Guangdong-based supplier, they sourced refurbished tanks with ASME certification at \$16,400 total - 40% cheaper. Delivery took 18 days via sea freight.

## 3 Steps to Get Reliable Quotations

Verify supplier certifications (ISO 9001, CE, ASME)

Request tank pressure test videos (6-10 bar standard)

Compare FOB vs CIF pricing (sea freight: \$380-\$650/container)

## Wholesale Opportunities & Hidden Discounts

Ordering 10+ units? Chinese factories often offer 5-12% bulk discounts. For example:

Order 15x50L tanks -> Original \$5,250 -> Final \$4,725 (save \$525)

Tip: Visit during Canton Fair (Oct 15-19) for direct factory deals. Bring your pressure specs!

## Don't Skip This Safety Checklist

42% of buyers regret ignoring these steps. Always:

- Check welding joints under UV light
- Confirm hydrostatic test dates
- Use PayPal/Letter of Credit for fraud protection

## Final Tip: How China's EV Boom Affects Prices

With EV battery plants needing 30% more air systems, demand for used tanks jumped. But smart buyers still lock in deals before Q4 peak season. Ready to compare second hand air tank price in China? Request quotes from 3-5 verified suppliers today - prices update weekly.
