

Second Hand Air Tank Price in Peru: 2025 Cost, Quotations & Where to Buy

Second Hand Air Tank Price in Peru: 2025 Cost, Quotations & Where to Buy

Need an affordable second hand air tank in Peru? You're not alone. Over 65% of mining and construction businesses now opt for used equipment to cut costs. Let's cut through the guesswork and reveal price lists, trusted suppliers, and smart buying strategies.

Why Peru's Market Demands Quality Used Air Tanks

The price of second hand air tanks in Peru dropped 12% last year as Chinese manufacturers flooded the market. A 200-liter tank that cost \$2,800 new now sells for \$950-\$1,300 used.

The Hidden Risks of Cheap Deals

Last month, a Lima construction firm lost \$3,200 on a "bargain" tank that failed pressure tests. Common issues include:

- Rust in tropical climates
- Outdated safety valves
- Unverified service history

2025 Price Guide: What to Pay for Used Tanks

Here's what second hand air tank price in Peru looks like this season:

- 50L: \$220-\$400
- 100L: \$430-\$690
- 150L: \$780-\$1,100

Case Study: How Cusco Mine Cut Costs by 34%

By sourcing through certified dealers, Grupo Minero Tawa saved \$7,100 on three 150L tanks. Their secret? Always request:

- ASME certification copies
- 3-month functional warranty
- Supplier ROI analysis

Where to Get Reliable Quotations

Top-rated suppliers like Maquinarias Peru and Compressair offer price per piece quotes within 4 hours. For bulk purchases, China's Taizhou sellers provide wholesale prices 18-22% lower than local vendors.

Second Hand Air Tank Price in Peru: 2025 Cost, Quotations & Where to Buy

Remember: The second hand air tank price in Peru isn't just about upfront cost. Factor in shipping from Callao port (\$45-\$90/tank) and mandatory hydrostatic testing (\$120-\$175). A Lima buyer recently negotiated free testing by ordering four units upfront.
