

# Second Hand Air Tanks in UAE 2024: Price List, Supplier Deals & ROI Guide

## Second Hand Air Tanks in UAE 2024: Price List, Supplier Deals & ROI Guide

Looking for second hand air tank prices in the United Arab Emirates? You're not alone. Over 65% of small construction firms in Dubai and Abu Dhabi now buy used equipment to cut costs. But here's the problem: prices swing wildly between AED 1,800 and AED 9,200 per unit. How do you find reliable deals without wasting time?

### Current Market Prices for Used Air Tanks in UAE

Data from Sharjah's Industrial Equipment Exchange shows second hand air tanks cost 40-60% less than new models. Here's what to expect in 2024:

Basic 10L tanks: AED 500 - AED 1,200

Mid-size 50L tanks: AED 2,300 - AED 4,500

Heavy-duty 100L+ tanks: AED 6,000 - AED 11,000

A Ras Al Khaimah buyer recently saved AED 3,700 by negotiating with a German-engineered tank seller through wholesale platforms.

### Where to Get Competitive Quotations

Top UAE suppliers like Dubai Industrial Tools and Abu Dhabi Compressor Hub offer live price tracking. But watch out - 30% of online listings hide shipping or inspection fees. Always ask:

"Is this price per piece or bulk?"

"What's the manufacturing year?"

"Do you provide pressure test certificates?"

Chinese-made tanks dominate mid-range offers, while European brands like Atlas Copco hold value better. A Fujairah contractor secured a 2021-model 80L tank for AED 7,900 - 22% below market average - using group-buying discounts.

### Pro Tip: Check Duty-Free Zones

Jebel Ali Free Zone sellers often slash prices by 15% during equipment clearance events. One Sharjah HVAC company bought 8 units at AED 4,200 each - 35% cheaper than mainland UAE rates.

### Your Step-by-Step Buying Guide

Follow this PAS formula to avoid costly mistakes:

**Problem:** Over 50% of used tanks fail pressure tests within 2 years

**Agitate:** Hidden corrosion or mismatched PSI ratings can halt projects

**Solve:** Demand sellers provide:

## Why 2024 is Ideal for Buyers

The UAE's construction boom (8% annual growth) means more liquidations. A Dubai contractor flipped 12 used tanks bought at AED 3,800 each for AED 5,500 after minor refurbishing - 45% profit margin.
