

Second Hand Crawler Air Compressor Price in Malaysia 2024: Supplier Deals & Buying Guide

Second Hand Crawler Air Compressor Price in Malaysia 2024: Supplier Deals & Buying Guide

Need a crawler air compressor but working with a tight budget? You're not alone. Over 65% of construction companies in Malaysia now consider second-hand heavy machinery to control costs. But here's the problem: prices swing wildly between MYR 20,000 to MYR 150,000 depending on age and condition. Let's cut to the chase and show you exactly what to pay, where to buy, and how to avoid scams.

Current Market Prices (With Real Supplier Quotes)

Malaysia's used equipment market boomed 23% in 2023 (Department of Statistics). For second-hand crawler compressors, here's what we found:

3-5 year old units: MYR 45,000-75,000 (most popular)

Refurbished Atlas Copco XAS 186: MYR 68,500 from Penang supplier

Chinese-made 2021 models: As low as MYR 32,000 (Johor)

Why Prices Vary So Much

Last month, a Kuala Lumpur contractor paid MYR 53k for a 2019 Ingersoll Rand model - only to find hydraulic leaks later. Three factors dictate fair pricing:

Operating hours (
