

Second Hand Crawler Air Compressor Price in Saudi Arabia 2024: Cost List, Quotes & Supplier Deals

Second Hand Crawler Air Compressor Price in Saudi Arabia 2024: Cost List, Quotes & Supplier Deals

Need a crawler air compressor on a budget? Saudi Arabia's construction boom has made second-hand prices drop 25-40% since 2022. Let's break down what you'll pay - and how to avoid costly mistakes.

Why Saudi Buyers Choose Second Hand Crawler Air Compressors

With Vision 2030 projects like NEOM driving demand, new units from Germany or China cost over \$55,000. But used crawler compressors start at \$18,500 (2023 data). Riyadh contractor Abdulaziz Co. saved 32% buying a 2019 Atlas Copco model through verified suppliers.

Current Price Ranges (June 2024)

- Small units (185 CFM): \$18,500-\$24,000
- Mid-range (300-400 CFM): \$26,000-\$35,000
- High-capacity (750+ CFM): \$38,000-\$47,000

5 Hidden Costs That Burn Buyers

Last year, Jeddah's Al-Hayat Construction paid \$21K for a 2017 model...then spent \$6,200 fixing air leaks. Watch for:

- Engine hours over 5,000
- Corroded fuel tanks
- Missing maintenance logs

How Smart Buyers Get ROI in 18 Months

Top Damman supplier Gulf Machinery Ltd. offers 6-month warranties on certified used units. Their price quotes include:

- Free oil analysis tests
- Delivery across Eastern Province
- Trade-in deals for older models

Compare specs carefully: A 2021 Doosan DX700 with 85% remaining parts life sells for \$31K - that's 19% cheaper per CFM than new. Ask suppliers for breakdowns of price per working hour and filter replacement cycles.

Supplier Checklist

? Verified SABER certification

? On-site performance testing

? Local spare parts availability (Kaust Innovation Park stocks 93% of common parts)

With Saudi's oil & gas sector requiring portable compressors, timing matters. Dropshipping from Europe adds 45 days - but Juffali's pre-inspected Dubai warehouse stock delivers in 10 days. Request customized quotations now before summer demand spikes.
