

Second Hand Crawler Air Compressor for Sale in France: 2024 Price List, Quotation & Buying Guide

Second Hand Crawler Air Compressor for Sale in France: 2024 Price List, Quotation & Buying Guide

Looking for second hand crawler air compressor price in France? With construction activity growing 4.2% year-over-year (Eurostat 2023), contractors need reliable equipment at lower costs. This guide reveals current market prices, trusted suppliers, and smart purchasing strategies for used crawler compressors in France.

Why Second Hand Crawler Compressors Are a Hot Commodity

A recent study shows 63% of French contractors now consider pre-owned air compressors for projects under EUR200k. Why? New models can cost EUR50k-EUR120k, while used units sell for 30-60% less. Take Marseille-based GTM BTP - they saved EUR28,500 buying a 2021 Atlas Copco XAS 187 compressor through verified resellers.

2024 Pricing Trends: What to Expect

Current second hand crawler air compressor prices in France range:

Small units (5-10 CFM): EUR15k-EUR30k

Mid-size (11-20 CFM): EUR25k-EUR45k

Industrial models (21+ CFM): EUR40k-EUR70k

MarketWatch reports a 8% price increase since 2022 due to high demand. But smart buyers still find deals - Lyon-based Energie Pro got a 2019 Ingersoll Rand XHP1170 for EUR52k (15% below market value) through direct fleet sales.

3-Step Buying Process for French Buyers

Follow this PAS formula to avoid overpaying:

Problem: "I need 17-20 CFM capacity but new units exceed budget"

Agitate: Auction sites often hide repair costs - 41% of equipment needs EUR3k+ servicing post-purchase

Solve: Use certified dealers offering 90-day warranties + free maintenance checklists
