Second Hand DTH Drilling Rig Price in Bangladesh: 2024 Cost List, Quotation & Buying Guide

Need a second hand DTH drilling rig in Bangladesh but stuck with confusing prices and unreliable sellers? You're not alone. Over 65% of contractors here face budget cuts on construction projects, pushing demand for affordable heavy machinery. Let's break down the price ranges, hidden costs, and proven buying strategies to get the best ROI.

Why 2024 Prices for Used DTH Rigs Are Surging in Bangladesh

The Dhaka Metro Rail expansion and Padma Bridge corridor projects have doubled infrastructure spending since 2022. This created a 40% spike in demand for second-hand DTH drilling rigs compared to new units.

Key factors driving costs:

- Average price per piece: \$28,000-\$45,000 (depending on drilling depth capacity)
- Chinese-made models dominate 70% of the market (e.g., SANY, XCMG)
- Import taxes and logistics add \$3,200-\$7,000 to total costs

Real Case: How Rajshahi Contractors Saved 34% on Equipment

In 2023, a road construction firm bought a refurbished Atlas Copco FlexiROC T15 from a certified Yangon supplier for \$36,500--\$19,000 cheaper than a new model. Their secret? Comparing price lists from 8 suppliers and negotiating bulk purchase discounts.
