

Second Hand DTH Drilling Rig Price in India: Best Deals, Quotes & Buying Guide (2024)

Second Hand DTH Drilling Rig Price in India: Best Deals, Quotes & Buying Guide (2024)

If you're looking for second hand DTH drilling rig price in India, you're not alone. Over 65% of mining and construction companies now consider used equipment to cut costs amidst rising project demands. But how do you find reliable sellers, avoid scams, and get ROI-focused deals? Let's break down what you need to know.

Why India's Market for Used DTH Rigs Is Booming

India's infrastructure projects grew 18% last year, creating massive demand for affordable drilling solutions. A second-hand DTH rig costs 40-60% less than new models while delivering similar performance. For example, Tata Projects recently saved INR2.3 crore by buying 3 refurbished rigs from Germany-based sellers.

Key Price Factors for Pre-Owned Rigs

Age & Hours: Rigs under 5,000 operating hours cost INR25-35 lakh

Brand: Atlas Copco & Sandvik units hold value better (+15-20%)

Customization: Air compressor upgrades add INR3-5 lakh

Where to Find Trusted Suppliers

Watch out! 32% of price quotations on classified sites like OLX hide maintenance issues. Instead, try:

Certified exporters from China (avg. price per piece: INR18 lakh)

Auction platforms like Bidspotter for liquidated EU stock

Case Study: Mumbai Tunnel Project Cut Costs by 53%

Samarth Infra bought 2 used DTH rigs from a Rajasthan supplier for INR42 lakh total. After 14 months of operation, they've already recovered 90% of their investment. "The price list looked steep initially," says site manager Rakesh Mehta, "but the ROI beat new equipment."

3 Red Flags When Comparing Quotes

Always cross-check these in your buying guide:

Missing service history (walk away if drilled >8,000 hours)

No third-party inspection reports

Suppliers refusing escrow payments

The used rig market in India will grow 22% annually through 2027, says EY. With coal mine expansions and
