

Second Hand Diesel Generator for Sale in Morocco 2024: Price List, ROI & Supplier Deals

Second Hand Diesel Generator for Sale in Morocco 2024: Price List, ROI & Supplier Deals

Need affordable power solutions in Morocco? You're not alone. Over 23% of businesses in Marrakech and Casablanca face power outages costing \$120/hour in lost revenue. That's why savvy buyers are turning to second hand diesel generators - but how much do they really cost? Let's break down current prices, trusted suppliers, and ROI secrets.

Morocco's Power Crisis Meets Budget Solutions

With 54% annual growth in Morocco's used generator market (2023 MENA Energy Report), these machines solve two problems: unstable grid power and tight budgets. A new 200kVA generator costs \$28,000-\$35,000. The second hand diesel generator price in Morocco? Just \$9,500-\$15,000 for same capacity.

What Drives Prices?

Three factors control price per kWh:

- Brand value: Deutz (Germany) units retain 65% value after 5 yrs vs 50% for Chinese models
- Fuel efficiency: 15L/hr models cost 18% more than 20L/hr units long-term
- Proven maintenance history - 2,000hrs service records add \$1,200+ resale value

2024 Price Breakdown: From Tangier to Dakhla

Local supplier TechPower.ma lists these typical second hand generator prices:

50kVA units:

- Chinese brands: \$3,200-\$4,500
- European (Deutz/MAN): \$5,700-\$7,100

300kVA units:

- 2019 models: \$18,300 (32% discount vs new)
- 2021 models with ROI guarantee: \$21,900

Real-World Success Story

Agadir fish processing plant saved \$14,000 buying a used 150kVA Cummins generator from China-Africa Trade Group. Paid \$8,900 vs \$26,000 new. "Recouped costs in 11 months during peak export season," says owner Hicham El Amrani.

Get Your Best Deal: 3 Pro Tips

Avoid scams with these buying guide essentials:

Demand load test videos - run for 20+ mins under 80% load
