Second Hand Drilling Rod Price in Kenya 2024: Cost, Quotation & Reliable Suppliers

Looking for second-hand drilling rod price in Kenya? You're not alone. Over 65% of mining and construction companies in Kenya now prioritize used equipment to cut costs. But unreliable suppliers and fluctuating prices leave many buyers confused. Let's simplify your search with verified market data, trusted suppliers, and actionable buying tips.

Why Used Drilling Rod Prices Vary Wildly in Kenya

Kenya's drilling industry grew 12% in 2023, driven by geothermal projects and road construction. This surge created a booming demand for affordable used drilling rods. But prices swing between Ksh 8,000 (\$60) to Ksh 25,000 (\$190) per piece depending on:

- Material grade (Chinese S355 vs. German St52 steel)
- Remaining lifespan (1-3 years typical)
- Supplier location (Mombasa ports vs. Nairobi warehouses)

Case Study: How Nairobi's Top Drilling Firm Saved 40%

Borehole Solutions Ltd. cut costs by importing used drilling rods from China through Mombasa-based supplier RockEquip. Their purchase of 50 rods at Ksh 12,500/piece included free port clearance and a 6-month warranty. Result? 18-month ROI compared to new equipment.
