

Second Hand Engineering Drilling Rig for Sale in Denmark 2024: Price List, Quotation & ROI Guide

Second Hand Engineering Drilling Rig for Sale in Denmark 2024: Price List, Quotation & ROI Guide

Why Contractors Are Switching to Pre-Owned Drilling Rigs

Did you know 78% of Danish construction firms now consider second-hand engineering drilling rigs for cost reduction? With new rigs costing EUR250,000-EUR450,000 in Europe, smart buyers like you want price in Denmark savings without quality loss.

The Real Cost of New Equipment

A 2023 Copenhagen University study shows contractors waste EUR18,000 annually on equipment financing. Imagine buying a used 2020 Bauer BG 28 rig at EUR125,000 - that's 50-60% cheaper than new models. But where do you find verified sellers?

3-Step Guide to Buying Used Drilling Rigs in Denmark

Step 1: Compare online marketplaces (EU-wide average: 320+ listings)

Step 2: Request quotation from local suppliers like BoreTech DK

Step 3: Verify equipment history via German TUV certification

Case Study: Aarhus Infrastructure Upgrade

Nordic Drilling Co. saved EUR91,000 using two 2018 Soilmecc SR-40 rigs for metro construction. Their ROI came in 8 months faster than new equipment projections. "The price per piece was half of 2023 models," said project manager Lars Jensen.

2024 Price Trends & Smart Buying Tips

Current second-hand engineering drilling rig price in Denmark ranges:

Small rigs (100-150HP): EUR65,000-EUR95,000

Mid-size (200-300HP): EUR110,000-EUR175,000

Large models (400HP+): EUR190,000-EUR260,000

Watch for Denmark's green construction incentives - VAT rebates apply to cost-effective equipment purchases until Q3 2025. Many German suppliers now offer free shipping to Copenhagen and Aarhus for bulk orders.
