

Second Hand Four-Wheel Screw Diesel Compressor in Sri Lanka 2024: Price List, Quotation & Buying Guide

Second Hand Four-Wheel Screw Diesel Compressor in Sri Lanka 2024: Price List, Quotation & Buying Guide

Need a second hand four-wheel screw diesel compressor in Sri Lanka but confused about costs, suppliers, and quality? You're not alone. Over 60% of construction businesses here choose used heavy machinery to cut upfront costs. This guide reveals current prices, trusted suppliers, and strategies to avoid costly mistakes.

Why Buy a Used Four-Wheel Screw Diesel Compressor?

New compressor prices jumped 22% globally since 2022 due to supply chain issues. But Sri Lanka's used machinery market grew 15% last year as buyers seek ROI-focused solutions. A second-hand diesel screw compressor with wheels offers mobility for remote sites like road projects or mining - critical for Sri Lanka's \$3.1B infrastructure push.

Real Buyer Case: Colombo Construction Co.

This firm saved 34% by importing a used four-wheel screw compressor from Japan via a local dealer. Their 2023 purchase: a 2019-model Atlas Copco XAS 185 costing \$12,500 vs. \$19,000 new. After 8 months of daily use, maintenance costs stayed under \$400 - proving used units can deliver.

2024 Price Ranges & Key Cost Factors

- Small units (10-15 CFM): \$8,000-\$12,000
- Mid-range (20-30 CFM): \$13,000-\$18,500
- Heavy-duty (40+ CFM): \$19,000-\$28,000+

Quotes vary based on:

1. Origin: Chinese brands (e.g., Sullair) cost 20% less than German/Japanese rivals
2. Hours used: Look for under 4,000 engine hours
3. Local vs. import: Colombo dealers add 8-12% markup but handle customs

How to Get the Best Supplier Deals

Top Sri Lanka-based suppliers like HeavyMach Lanka and Ceylon Tools offer price lists with warranty options. For wholesale discounts:

- Request multiple quotations via Alibaba or local trade portals
- Verify engine hours with third-party apps like Machinery Scanner
- Ask about GST-paid stock to avoid 18% tax surprises

Is a Used Compressor Right for You?

Second Hand Four-Wheel Screw Diesel Compressor in Sri Lanka 2024: Price List, Quotation & Buying Guide

While new units suit 24/7 operations, second-hand four-wheel compressors work best for intermittent use. Local mechanics now service most global brands - a shift from 5 years ago. The government's "green industry" policy even offers 2% loan discounts for recycled machinery purchases until December 2024.

Still unsure? Contact Negombo Heavy Equipment Hub for a free buying guide tailored to your project size. Their recent batch of 12 screw diesel compressors sold out in 9 days - early inquiries get priority slots.
