

Second-Hand Four-Wheel Screw Diesel Compressors in Israel: Price List 2025, Quotation & Supplier Deals

Second-Hand Four-Wheel Screw Diesel Compressors in Israel: Price List 2025, Quotation & Supplier Deals

Need a reliable second-hand four-wheel screw diesel compressor in Israel but worried about high costs or hidden defects? You're not alone. Construction and mining businesses across Tel Aviv, Haifa, and Jerusalem are turning to pre-owned equipment to cut costs by 30-50% - and here's how to get the best deal without risking your project.

Why Second-Hand Models Are Dominating Israel's Market

With new diesel compressors costing 50,000-120,000 ILS, small contractors often face cash flow nightmares. A used four-wheel screw diesel compressor in Israel now sells for 22,000-65,000 ILS, depending on brand (Atlas Copco vs Chinese models), hours used (
