

Second-Hand Four-Wheel Screw Diesel Compressors in Vietnam: 2024 Price List, Quotes & Buyer's Guide

Second-Hand Four-Wheel Screw Diesel Compressors in Vietnam: 2024 Price List, Quotes & Buyer's Guide

Looking for second-hand four-wheel screw diesel compressors in Vietnam but worried about hidden costs or unreliable suppliers? You're not alone. Vietnam's booming construction sector - growing at 8.2% annually (World Bank 2024) - has created massive demand for flexible, mobile compressors. But new units from brands like Atlas Copco or Ingersoll Rand can cost \$35,000-\$50,000. That's why savvy buyers are turning to pre-owned models. Let's break down real pricing, trusted suppliers, and how to avoid costly mistakes.

Vietnam's Second-Hand Compressor Market: Key Trends & Price Ranges

Over 60% of contractors now consider used diesel compressors for projects under 12 months. Why? A 2023 survey by VN Construction Weekly found:

Average price per piece for pre-owned screw compressors: \$12,000-\$25,000

Popular models: 2018-2020 Chinese brands (Lingong, XCMG) dominate lower price tiers (\$12k-\$18k)

European/Japanese units (Kaeser, Hitachi) cost 30-50% more but offer better ROI

Case Study: HCM City Road Project Cuts Costs by 34%

Da Nang Infrastructure Co. saved \$28,500 by buying three second-hand four-wheel screw compressors from a certified Hanoi dealer. "We compared 7 suppliers' quotations," says project lead Ms. Nguyen. "The German-made 2019 unit required minor repairs but ran flawlessly for 9 months."

How to Buy Reliable Used Compressors in Vietnam

Follow this checklist to avoid scams and get the best price in Vietnam:
