

# Second Hand Piston Diesel Air Compressor for Sale in Norway 2025: Price List, ROI & Wholesale Guide

Second Hand Piston Diesel Air Compressor for Sale in Norway 2025: Price List, ROI & Wholesale Guide

Need a reliable second hand piston diesel air compressor in Norway but worried about costs? You're not alone. Over 60% of Norwegian construction firms now prioritize refurbished equipment to cut upfront expenses. Let's break down price trends, smart buying strategies, and how to maximize ROI.

## Current Market Prices in Norway (2025 Update)

Used piston diesel compressors in Norway typically cost NOK 25,000-50,000 depending on condition and capacity. Compact 100-Liter models start at NOK 18,000, while industrial 500-Liter units hit NOK 75,000+. Compare this to new German-made alternatives (NOK 120,000+) - refurbished gear saves 40-60% upfront.

## Why Norwegian Buyers Choose Second Hand Units

Fast ROI: Recover costs in 12-18 months (vs 3+ years for new)

Easy resale: High demand from Baltic Sea shipping companies

Tax benefits: 20% VAT deductions on eco-certified refurbished gear

## How to Get Accurate Quotations

Top Oslo suppliers like KompressorService AS offer free inspections. Last month, a Trondheim drilling company saved NOK 12,000 by negotiating a price per piece deal for 3 Atlas Copco units. Always ask for:

Service history reports

Fuel efficiency metrics (L/hour)

6-month warranty minimum

## Case Study: Bergen Marine's 30% Cost Cut

This shipyard switched to second hand piston compressors in Q2 2024. By buying 4 China-refurbished Ingersoll Rand units (NOK 185,000 total), they avoided NOK 310,000 in new equipment costs. Maintenance? Just NOK 3,200/year - same as new models.

## Supplier Checklist for Norwegian Buyers

Demand ISO 1217 certifications for airflow accuracy. Watch for "grey imports" - 1 in 5 used compressors in Norway lack proper EU emission papers. For wholesale deals, Stavanger's Nordic Air Tech offers group discounts up to 15% on 5+ units.

Ready to compare price lists? Oslo and Trondheim show 22% more stock than rural areas. Pro tip: Winter months (Nov-Feb) often see 10% price drops as construction slows. Check supplier websites daily - good
