

Second Hand Screw Diesel Air Compressor Price in Malaysia 2025: Cost List, Supplier Quotes & ROI Guide

Second Hand Screw Diesel Air Compressor Price in Malaysia 2025: Cost List, Supplier Quotes & ROI Guide

Why Businesses Are Switching to Used Screw Diesel Air Compressors

Are you tired of overspending on new industrial equipment? Over 65% of Malaysian contractors now check the second hand screw diesel air compressor price in Malaysia before buying. Why? New units cost RM 35,000-RM 120,000+, while used models sell for 50-70% less - perfect for tight budgets.

The Hidden Cost Trap with New Compressors

Many suppliers push "low-interest loans" for new compressors. But here's the catch: 3-year financing plans often add 15-25% extra costs. One construction firm in Selangor saved RM 48,000 by buying a refurbished 30 kW screw compressor instead - enough to hire 2 extra workers!

2025 Price Trends: What to Expect

Malaysia's used compressor market grew 12% yearly since 2023. Popular models like the Atlas Copco GA37 (7-10 years old) now average RM 15,000-RM 28,000. Watch these factors:

Diesel vs electric: Diesel units cost 20% more due to fuel efficiency

Import trends: China-made compressors are 30% cheaper than German/Japanese brands

How to Get the Best Deals

Top suppliers like CompressTech Malaysia offer free inspection reports and 6-month warranties. Last month, a Johor palm oil plant bought 3 used screw compressors at RM 62,000 total - 40% below new prices.

3 Questions to Ask Suppliers

"Can I see the maintenance history and runtime hours?"

"Do you provide ROI calculations based on my industry?"

"What's included in the quotation - delivery, installation, taxes?"

Case Study: 18-Month Payback Achieved

A Penang auto parts maker replaced 4 old compressors with 2 used Ingersoll Rand diesel screw models (RM 43,000 total). Result? Fuel costs dropped 35%, and they recovered their investment in 1.5 years.
