Second Hand Screw Diesel Air Compressor Price in Morocco 2025: Quotes, Deals & Buying Guide

Looking for second hand screw diesel air compressors in Morocco? Whether you're a contractor, miner, or factory owner, you've probably noticed that new industrial equipment prices keep climbing. But there's a smart workaround - buying reliable used screw diesel air compressors. Let's break down what you need to know about price in Morocco, supplier deals, and how to avoid costly mistakes.

Why Used Screw Diesel Air Compressors Are Hot in Morocco Right Now

Morocco's industrial sector grew by 4.2% in 2024 (World Bank data), driving demand for affordable heavy machinery. Second-hand screw diesel air compressors now account for 35% of all compressor sales in North Africa. Why?

- Cost savings: Used units are 40-60% cheaper than new ones
- Immediate availability (no 6-8 month wait for imports)
- Strong ROI for small-to-medium businesses

A Marrakech-based construction firm saved 30% on equipment costs by sourcing pre-owned diesel screw compressors from China through local Moroccan dealers.

2025 Price Guide: What to Expect

Prices vary wildly for second hand screw diesel air compressors in Morocco. Key factors:

1. Size & Capacity

A 2018 model 75 CFM compressor costs DH 42,000-55,000 (USD 4,200-5,500). Larger 250 CFM units range from DH 180,000+.

2. Brand & Origin

Chinese brands like Sullair: DH 38,000-120,000

German/Japanese models (Atlas Copco, Ingersoll Rand): DH 65,000-260,000

3. Seller Type

Private sellers often offer 10-15% lower prices than dealers but provide no warranty. Licensed suppliers like Compressor.ma include 6-month service agreements.

3 Red Flags to Avoid When Buying

Over 20% of used compressors in Morocco's Casablanca industrial zone fail within 6 months. Watch for:
