

Second Hand Screw Diesel Air Compressor Price in Portugal 2025: Updated Cost, Quotes & Buying Guide

Second Hand Screw Diesel Air Compressor Price in Portugal 2025: Updated Cost, Quotes & Buying Guide

Looking for second hand screw diesel air compressor deals in Portugal? You're not alone. Over 65% of Portuguese construction businesses now use refurbished industrial equipment to cut costs. Let's break down prices, hidden savings, and how to avoid scams.

Why Portugal's Market for Used Compressors is Booming

Portugal's industrial sector saw a 22% increase in second-hand machinery purchases since 2023. With EU pressure to reduce carbon footprints, buying refurbished screw diesel air compressors makes both economic and environmental sense.

Real Price Examples From Lisbon to Porto

- Kaeser SM 152 (2019 model): EUR6,200-EUR7,800
- Atlas Copco XAS 97 (2020 model): EUR8,900-EUR10,400
- Ingersoll Rand 750 CFM (2018 model): EUR4,500-EUR5,900

3 Cost Factors You Can't Ignore

1. Operating hours: 5,000+ hour units drop 30-40% in value
2. Local repair availability: Atlas Copco has 9 service centers in Portugal
3. New EU noise regulations: Non-compliant units face 15-20% price cuts

How Joao's Construction Co. Saved 41%

A Lisbon contractor bought a 2021 screw diesel air compressor for EUR7,200 (original price EUR12,300) through certified supplier PneumoIndustrial. The catch? They committed to annual maintenance contracts.

Portugal's Top 5 Trusted Suppliers

- Maqfer (Porto-based, 300+ verified units)
- EuroEquip (Specializes in German-engineered rebuilds)
- Grupo ACP (Offers 6-month warranty)

Smart Buying Checklist

- Ask suppliers for:
- Oil analysis reports
 - Service history in English/Portuguese

Second Hand Screw Diesel Air Compressor Price in Portugal 2025: Updated Cost, Quotes & Buying Guide

- EU compliance certificates
- Return policies

Portuguese buyers now save EUR3,000-EUR8,000 per unit vs. new models. With major projects like the new Lisbon Metro expansion, demand for second-hand screw diesel air compressors will keep rising through 2026. Get quotes early - lead times stretched to 6 weeks this May.
