

# Second Hand Screw Diesel Air Compressor for Sale 2024: Price List, Quotes & ROI Guide

Second Hand Screw Diesel Air Compressor for Sale 2024: Price List, Quotes & ROI Guide

## Why Businesses in the UK Are Switching to Used Screw Diesel Air Compressors

Let's face it: new screw diesel air compressors can cost GBP8,000-GBP20,000+ in the UK. For construction crews or small factories, that's a budget-buster. Maintenance costs add another 15-20% annually. Meanwhile, 2023 saw a 12% spike in demand for pre-owned industrial gear - especially second-hand screw diesel air compressors. We'll break down current prices, smart buying tips, and how to avoid costly mistakes.

## Current Price Ranges & Market Trends

A second-hand screw diesel air compressor price in the United Kingdom averages 30-50% below new models. Here's what's driving the trend:

- New post-Brexit import fees raised prices of European-made compressors by 8-12% (e.g., Atlas Copco, Ingersoll Rand)

- UK construction firms cut equipment budgets by GBP2.3B in 2023 (ONS data)

- 1-in-3 used compressors now sold online via eBay Industrial or Exapro

## How to Get the Best Deal on a Pre-Owned Unit

Demand is high, but scams exist. Last year, Birmingham-based BuildRight Ltd lost GBP4,200 on a "refurbished" compressor that failed in 3 weeks. Here's how to shop smart:

## Key Checks Before Buying

First, always ask for a quotation with breakdowns of:

- Hours run (aim for under 4,000 hrs)

- Service history (look for OEM parts)

- Fuel efficiency (compare price per kWh at 100 PSI)

For example, a used Atlas Copco XAS 67 with 3,200 hrs sells for GBP6,500-GBP7,800 in Manchester. Same model at 5,700 hrs? Just GBP5,200. But higher-hour units risk GBP1,000+ in repairs.

## Where to Find Reliable Suppliers

Global sellers like Germany's BKL Machinery offer certified used compressors with 6-month warranties. However, shipping adds GBP400-GBP900. For local deals:

Top UK Suppliers in 2024:

## Second Hand Screw Diesel Air Compressor for Sale 2024: Price List, Quotes & ROI Guide

Glasgow's Plant & Tool Hub (free ROI calculators)

Yorkshire Air Compressors Ltd (price-match guarantees)

London Industrial Auctions (bulk wholesale discounts)

A Sheffield auto shop saved GBP11,000 buying two second-hand screw diesel air compressors at auction. They negotiated a 10% discount for bulk purchase - now powering their paint bay at half the cost.

**Pro Tip: Watch for Green Incentives**

The UK's "Net Zero Industry 2030" plan offers tax rebates for eco-upgrades. While used gear doesn't qualify directly, replacing old electric models with efficient diesel units can cut energy bills by GBP700/year. Always confirm emissions standards (CE/Stage V).

Need a screw diesel air compressor price list? Contact suppliers before 30 June - many clear stock before Q3 price hikes. Ask for real-time quotes via WhatsApp to lock in deals fast.
