

Second Hand Stationary Air Compressor for Sale in China: 2025 Price List & Wholesale Buying Guide

Second Hand Stationary Air Compressor for Sale in China: 2025 Price List & Wholesale Buying Guide

Looking for second hand stationary air compressor prices in China? You're not alone. Over 62% of industrial buyers now prioritize pre-owned equipment to cut costs - but navigating China's used machinery market requires smart strategies. This guide reveals current price trends, supplier deals, and ROI-boosting tips to help you secure quality equipment at 30-50% below new unit costs.

Why Prices Vary for Used Stationary Air Compressors in China

China's used air compressor market saw a 17% growth in 2024, driven by manufacturing expansion in Guangdong and Jiangsu provinces. However, price per piece fluctuates based on:

Power capacity (7.5kW units cost \$1,200 vs 30kW at \$3,800)

Brand value (Atlas Copco models hold 22% better resale value)

Operating hours (
